REGULATION:

Consistent with the COPPER RIVER PERSONAL USE DIP NET SALMON FISHERY MANAGEMENT PLAN, 5 AAC 77.591, the personal use dip net salmon fishery in the Chitina Subdistrict of the Upper Copper River District will be open from 12:01 a.m. Wednesday, June 7 through 11:59 p.m. Sunday, June 11.

Sam Cotten
Commissioner

by delegation to:

Mark A. Somerville
Area Management Biologist

JUSTIFICATION:

The Copper River personal use fishery is managed under direction outlined in the *Copper River Personal Use Dip Net Salmon Fishery Management Plan* (5 AAC 77.591). The plan establishes the season from June 7 through September 30, and directs the department to establish weekly periods based on Miles Lake sonar counts. During May 22 – 28, there were 116,893 salmon counted past the Miles Lake sonar. The preseason projection for this period was 51,698 salmon, which results in a surplus of 65,195 salmon. Copper River sockeye salmon migratory timing and the previous five-year average harvest and participation rates indicate sufficient numbers of salmon available to justify an increase of 24 hours above the preseason schedule to 120 hours of fishing time during the week of June 5 – June 11.
