By delegation to:

Samantha Oslund,
Assistant Area Management Biologist

JUSTIFICATION:

Recently, Leech lake was stocked with 484 catchable rainbow trout, Zero Lake with 3,722 rainbow trout fingerling, and Summit Lake with 500 catchable Arctic grayling. Therefore, it is justified to increase the bag and possession limits on these lakes to match those of other stocked lakes. The stocking program provides alternative opportunities for anglers that might otherwise direct their efforts toward native fish that are vulnerable to overfishing.
