

Base map produced by the United States Geological Survey, North American Datum of 1983 (NAD 1983).

The geographical base map data are based on USGS topographic maps, USGS elevation data, and the USGS Geographic Names Information System. Please consider carefully the fact that the geographic data may not be adequate for purposes requiring precision in depiction of geographic features, exact measurement of direction or distance, or for similar purposes including but not limited to navigation, tracking, or emergency response.

**Anadromous Waters Atlas**

Quad No. 012 (MTF)

**Mt Fairweather  
A-3**

Revision Date 9/5/2008

Waters Important to Anadromous Fish are listed pursuant to AS 16.05.871. Specified species distribution and life functions reflect known data. Actual distribution and use may extend beyond specified limits. Migration upstream and/or downstream is assumed for specified stream reaches.
