**Chinook Salmon Landing Restrictions:** All Chinook salmon harvested in the Carroll Inlet, Neets Bay, Anita Bay, and Hidden Falls THAs may be retained and sold. All Chinook salmon harvested in the Deep Inlet THA must be retained and may be sold. For all other fishing areas (including the Kendrick Bay THA), Chinook salmon 28 inches or greater in length may NOT be retained and Chinook salmon less than 28 inches may be retained but not sold. These restrictions will be in effect until at least July 25, 2020.

Fishermen and processors are reminded that all salmon, including steelhead, commercially harvested but retained for personal use and not sold, must be reported on fish tickets at the time of delivery.

Fishermen, tenders, and processors are reminded that harvest from the Kendrick Bay THA should be kept and reported on a separate fish ticket from harvest outside of the Kendrick Bay THA. The statistical area for the Kendrick Bay THA is 102-15 and includes the waters of McLean Arm and Kendrick Bay. The statistical areas for portions of District 2 open outside of the Kendrick Bay THA are 102-10 (Kendrick Bay south) and 102-20 (Kendrick Bay north).

The Southeast Cove and Thomas Bay THAs are new common property fisheries. For descriptions of the THAs, expected returns, and fishing schedules, refer to the Southeast Cove and Thomas Bay THAs Advisory Announcement released on April 15, 2020.

The 2020 forecasted run of summer chum salmon to the Hidden Falls THA is 364,000 fish. NSRAA needs 200,000 chum salmon for broodstock leaving 164,000 fish available for common property harvest. NSRAA is not planning any direct cost-recovery harvest at Hidden Falls. Additionally, there will be no tax assessment in the Hidden Falls THA. Additional seine openings will be dependent on inseason run strength. Openings at the Hidden Falls THA will be restricted to within approximately 1.0 nmi of the Baranof Island shoreline to conserve weak Chinook and pink salmon runs destined for systems further inland.

The next seine announcement will be issued on **Friday, June 26, 2020**.

Under Alaska's Health Mandates 10, 17, and 18, commercial fishing is an Essential Business and is part of Alaska's Essential Services and Critical Infrastructure.
