Aleutian Islands Subdistrict State-Waters Pacific Cod
Season Opening for Large Vessels

The Aleutian Islands Subdistrict (AIS) state-waters Pacific cod season will open in all state waters west of 170° W long to commercial fishing at 12:00 noon AKDT on March 15, 2021 for vessels 125 feet or less OAL using pot gear, vessels 100 feet or less OAL using nonpelagic trawl gear, vessels 60 feet or less OAL using mechanical jigging machines, and 58 feet or less OAL using longline gear.

All Pacific cod caught must be retained. The daily harvest limit for each vessel is 150,000 pounds (round weight) and no more than 150,000 pounds (round weight) of unprocessed Pacific cod may be on board a vessel at any time. All proceeds from overages will be surrendered to the state. Bycatch limits applicable in the parallel Pacific cod season will apply during the state-waters Pacific cod season.

Participating vessels and tenders must register with the Dutch Harbor ADF&G office prior to participating in the state-waters season. Fishermen must deliver all Pacific cod onboard prior to participating in the AIS state-waters Pacific cod season. Fishermen may not participate in federal and state-waters seasons concurrently. The AIS state-waters season is an exclusive registration area for Pacific cod.

Fisherman must report harvest to ADF&G daily unless otherwise instructed. Reports for the prior 24 hours (midnight to midnight) of fishing must be received by ADF&G in Dutch Harbor between 9:00 a.m. and 10:00 a.m. every day. Reports will be taken by telephone (907-581-1239), text (907-512-7234), email (dfg.dutchharbor@alaska.gov), or satellite dispatch (1234).

During the 2021 AIS state-waters Pacific cod season, current Steller sea lion closures will be in effect, including no fishing zones, no transit areas, and the Seguam foraging area except that the Steller sea lion site at Kanaga/Ship Rock is only closed within 3 nautical miles (5 AAC 28.647(g)(1), (2), and (3)). Descriptions of closures in effect during a state-waters season and their coordinates are located in Tables 5 and 12 of 50 CFR part 679 posted on the NMFS website: <https://www.ecfr.gov/cgi-bin/text-idx?SID=e928699f8903a416bed34b9bcaae6903&mc=true&node=pt50.13.679&rgn=div5>.

For further information, contact ADF&G in Dutch Harbor at (907) 581-1239.

Under Alaska's Health Advisories 1, 2, 3, and 4, commercial fishing is an Essential Business and is part of Alaska's Essential Services and Critical Infrastructure. Commercial fishermen should ensure that all travel and other activities in support of commercial fishing operations follow protocols in Alaska COVID-19 Health Advisories. COVID-19 Health Advisories may be found here: <https://covid19.alaska.gov/health-advisories/>.
