### **NORTON SOUND KING CRAB SUMMER OPEN ACCESS AND CDQ COMMERCIAL FISHERY TO OPEN**

The Norton Sound king crab summer open access and CDQ commercial fishery will open at 12:00 noon, Saturday, June 15. Anyone who is now subsistence crabbing and plans to participate in this year's summer commercial crab fishery must stop subsistence crabbing and remove all gear from the water by noon Saturday, June 1, and return their subsistence permit to Fish & Game or report their catch online before commercial fishing.

No buyer has registered for the summer commercial crab season yet, but Norton Sound Seafood Products (NSSP) has notified the department that they intend to register and buy crab during the summer season. Until there is a buyer, crab permit holders must be a direct marketer or catch-seller to sell their catch.

During the 2024 winter commercial fishery 9 permit holders caught 13,675 pounds of red king crab. The guideline harvest level (GHL) for the winter OA commercial fishery was 38,640 pounds. The total Norton Sound red king crab GHL for the winter and summer commercial fisheries is 483,000 pounds and of that amount, 7.5% is reserved for the CDQ fishery: 36,225 pounds. The unharvested GHL of the winter OA fishery is added to the summer OA fisheries GHL resulting in 433,100 pounds available for harvest in the summer open access commercial fishery.

Commercial crab permit holders must register at the Fish & Game office in Nome to receive crab pot tags before crabbing. Village residents can call 1-800-560-2271 to register and crab pot tags will be sent via local airlines. Catcher-sellers must also register before selling crab.

Catcher-seller application forms can be picked up at the Nome Fish & Game office or can be obtained online at [www.adfg.alaska.gov/index.cfm?adfg=fishlicense.sellers](http://www.adfg.alaska.gov/index.cfm?adfg=fishlicense.sellers)

When crabbing, permit holders must be in possession of their 2024 Norton Sound king crab commercial permit and a government issued ID card, or driver's license. Those assisting a commercial permit holder must be in possession of a 2024 commercial crewmember license, or a 2024 State of Alaska commercial fishing permit for any fishery can substitute. Crewmember licenses are available at the Nome Fish & Game office or can be bought online at [www.adfg.alaska.gov/Store/](http://www.adfg.alaska.gov/Store/)

For further information please contact the Nome office at 907-443-5167 or 1-800-560-2271.

Good Luck and Good Crabbing!
