Chignik Commercial Salmon Fishery Advisory Announcement # 02

The Alaska Department of Fish and Game in Chignik is requesting quotes (bids) to generate revenue by allowing the harvest of commercial salmon in the Chignik Area (Area L). The department is seeking to generate one lot of \$50,000. The quotes must be based on the value at the dock. For example, if fishermen were to bid \$80,000, the fisherman will make \$30,000, and generate \$50,000 of revenue for the department, for a total dock value of \$80,000. Successful contractors will be the parties that quote the lowest value. The max value a contractor may bid is \$100,000 for the lot.

The lot must be completed by the end of the 2024 commercial salmon fishing season. Test fishermen will fish only during times and in areas determined by the Department in cooperation with the successful bidder. In addition, the Department may limit harvest in certain areas.

Verbal or written bids must be submitted by 5:00 p.m. Monday, June 10, and will be immediately awarded to the lowest bidder. Fish and Game reserves the right to reject any or all quotes. In the case of equal, low bids, the bid submitted first will be the winning bid.
