UPPER COOK INLET COMMERCIAL FISHING ANNOUNCEMENT No. 54 **EMERGENCY ORDER NUMBER 2-F-H-57-24**

Commercial salmon fishing with set gillnets in the Northern District will close until further notice effective 7:00 a.m. Monday, August 12, 2024.

Coho salmon projections of escapement for Northern Cook Inlet streams indicate that escapement goals will not be met. The above closure is warranted to help increase coho salmon escapements into Northern Cook Inlet streams.

General information for all UCI commercial fisheries and specifics about harvest levels, required permits, reporting requirements, or the registration processes, can be obtained by calling the Soldotna ADF&G staff at 907-262-9368, and also found at the ADF&G UCI commercial fisheries web site. <https://www.adfg.alaska.gov/index.cfm?adfg=commercialbyareauci.main>
