SOUTHEAST ALASKA COMMERCIAL GEODUCK FISHERY ANNOUNCEMENT

There will be no geoduck fishery for the week of January 12 through January 18, 2025.

The samples received by the Alaska Department of Environmental Conservation were rejected because they did not meet the minimum sample size requirements therefore no areas will be available for a live geoduck fishery this week. Information regarding the next possible live geoduck fishery, on January 22, 2025, will be announced before that date.

Permit holders are reminded that Monday, January 20, is Martin Luther King Jr. Day, a state holiday, therefore state offices will be closed.
