There is currently limited interest in purchasing sea cucumbers in the region. The department will consider reopening these areas if there is expressed interest. Fishers and processors are reminded that an accurate fish ticket is required at the time of delivery. A fish ticket must be filled out according to 5 AAC 39.130(c). Fishers must verify at the time of landing with the tender or processor that all information is accurate before signing the fish ticket, including statistical area, pounds of sea cucumbers harvested, and any overages.

For a description of the above areas, please refer to the Southeast Alaska commercial sea cucumber fishery announcement dated August 28, 2024, announcing the open areas and their GHLs. The next advisory announcement following this opening will be available on **Thursday, February 13, 2025.**
