SOUTHEAST ALASKA COMMERCIAL GEODUCK FISHERY ANNOUNCEMENT

There will be no geoduck fishery this week and the fishery will remain closed through at least March 28, 2025.

On March 7, 2025, the Southeast Alaska Regional Dive Fisheries Association geoduck committee voted to suspend PSP sampling until at least March 28. Another meeting is scheduled for Friday, March 28, to reassess and decide on a future sampling schedule. An advisory announcement will be issued when sampling resumes and areas pass testing allowing for sale of live geoducks
