### PORT SAINT NICHOLAS TERMINAL HARVEST AREA TROLL FISHERY

The **Port Saint Nicholas Terminal Harvest Area (THA)** commercial salmon troll fishery will open for the harvest of Chinook, coho, chum, sockeye, and pink salmon from 12:01 a.m., Sunday, June 1, through 11:59 p.m., Thursday, July 31, 2025, unless closed by emergency order. The THA will not open to common property commercial net gear during the 2025 season.

The Port Saint Nicholas Troll THA (**statistical area 103-63**) consists of the waters of Port Saint Nicholas and Bucareli Bay enclosed by a line from Cape Suspiro at 55°27.47' N lat, 133°08.50' W long to the northernmost tip of Toti Island at 55°24.90' N lat, 133°07.34' W long to Point Miraballes at 55°25.85' N lat, 133°05.23' W long (5 AAC 33.382[c]). **The waters of the Port Saint Nicholas Special Harvest Area (SHA) east of 133°02.92' W long are closed to common property fisheries from June 1 through July 31 (Figure 1).**

**Statistical area 103-63 should be recorded on fish tickets** for harvest within the Port Saint Nicholas THA. Fish harvested in the THA should be separated from fish caught in other areas so that department personnel will have the opportunity to obtain biological samples. Permit holders are advised that they must offload all Chinook salmon taken in the THA prior to fishing in areas where Chinook salmon retention is prohibited. Following the closure of the Port Saint Nicholas THA on July 31, this area is managed as a traditional salmon fishery with harvest reported using statistical area 103-60.

The Emergency Order corresponding to this announcement is EO 1E0725.
