Westside Salmon Announcement 3

Emergency Order: None

This is the Alaska Department of Fish and Game in Dillingham with an update regarding commercial fishing in the Togiak District. This is Westside Salmon Announcement number 3 issued Friday, June 13 at 9:00 a.m.

Commercial fishing opens in all sections of the Togiak District as per the regular weekly schedule at 9:00 a.m. Monday, June 16. All sections will remain open for the regular weekly schedules. The department will reevaluate the amount of effort in the Togiak District next week and determine if reduced fishing time is required for king conservation. Currently, mesh size in the Togiak District is restricted by regulation (5AAC 06.369d) to 5.5 inches or smaller until 9:00 a.m. July 15 for king conservation.

Commercial fishermen are reminded that **District Registration Cards** must be filled out and filed with the department before they begin drift gillnet fishing anywhere in Bristol Bay or set gillnet fishing in the Nushagak District.

All Bristol Bay commercial permit holders are reminded that per regulation **5 AAC 06.377 (b) REPORTING REQUIREMENTS**, any and all Chinook and coho salmon kept but not sold, must be reported on an ADF&G fish ticket at the time of landing.
