Bristol Bay Eastside Salmon Update #2

This is the Alaska Department of Fish & Game in King Salmon with an update for permit holders in the Egegik District. The time is 12:00 noon and the date is Wednesday, June 18, 2025.

Cumulative harvest in the Egegik District through June 17 is 118,000 fish. The Egegik tower and inriver test fish projects have begun operations and indicate a small amount of passage into the river.

Egegik District fishermen should stand by at 9:00 a.m. Thursday, June 19 for the next possible announcement.

Fishermen in all districts are reminded that all king salmon must be reported on a fish ticket and that permit holders must sign fish tickets at time of delivery.

This has been the Alaska Dept. of Fish & Game in King Salmon.
