Lower Cook Inlet Salmon Fishery Advisory Announcement #12

EASTERN DISTRICT: Effective Monday July 14, waters of the Aialik Bay Subdistrict are open on a 7-day per week schedule of 6:00 AM to 10:00 PM 16-hour fishing periods. Resurrection Bay is closed to commercial salmon fishing.

OUTER DISTRICT: Effective Monday July 14, waters of the East Nuka Subdistrict are open on a 7-day per week schedule of 16-hour fishing periods from 6:00 AM to 10:00 PM.

As a reminder, unless otherwise specified in regulation or by emergency order, commercial fishing for salmon is prohibited at all times within 500 yards of the fresh water of a salmon stream and over the beds or channels of streams and rivers at all stages of the tide. Fresh water is considered separated from salt water, at the mouth of streams and rivers, by a line drawn between the seaward extremities of the exposed tideland banks at the present stage of the tide, (5AAC 39.975(a)(26)).

The next scheduled commercial salmon fisheries announcement is anticipated to be on Friday, July 18.

Announcement recordings are available on the 24-hour telephone recording in the Homer office at 907/235-7307.

Current Cook Inlet Commercial Fishing regulation books are available at ADF&G offices, and online here:
