Kuskokwim Bay Fishery Announcement #5

Districts 4 and 5 Commercial Fishery

Emergency Order #3-S-WB-04-26

This is an announcement from the Alaska Department of Fish and Game (ADF&G) for commercial fishermen in Districts W4 & W5, Kuskokwim Bay.

There is one commercial processor registered to buy in the Kuskokwim Bay Area; Please contact Jon Saarheim with WildFish Marketing at 907-236-6024 with questions regarding selling your catch. It is the commercial fisherman's responsibility to ensure that they have a market for their catch.

Fishermen must have their CFEC permit valid for the 2026 season and a government issued I.D. or Driver's License. All crewmembers must have a 2026 commercial crewmember's license or a 2026 State of Alaska commercial fishing permit.

Commercial fishermen are encouraged to consult Fish and Game regulations prior to beginning commercial fishing operations.

District 4, Quinhagak

Commercial fishing will open in District 4, Quinhagak for a **12-hour period from 6:00 a.m. to 6:00 p.m. Thursday, July 9, 2026.**

The open area for this period is reduced for conservation of Chinook Salmon. The closed waters will be south of a line at lat 59° 45.266' N., north of a line at lat 59° 44.7036' N., and east of a line at long 161° 57.616' W. This will create a closed waters box around the Kanektok River mouth. The box will be approximately 500 yards to the north and south of the river mouth and extend approximately one mile offshore (Figure 1). The GPS coordinates will be the legal definition of the closed waters. The remainder of District 4 will be open to commercial salmon fishing.

In District 4, subsistence fishing will be **closed** during the following times:

- **12:01 a.m. Thursday, July 9, 2026 until 12:01 a.m. Friday, July 10, 2026**

District 5, Goodnews Bay

Commercial fishing will open in District 5, Goodnews Bay for a **12-hour period from 6:00 a.m. to 6:00 p.m. Thursday, July 9, 2026.**

District 5 consists of that portion of Goodnews Bay east of a line from an ADF&G regulatory marker located approximately two miles south on the seaward side of the entrance of Goodnews Bay to an ADF&G regulatory marker located approximately two miles north on the seaward side of the entrance of Goodnews Bay and west

of a line between the mouth of Ukfigag Creek at lat 59° 04.17' N., long 161° 36' W., and the mouth of the Tunulik River at lat 59° 08' N., long 161° 37' W.

In District 5, subsistence fishing will be **closed** during the following times:

- **12:01 a.m. Thursday, July 9, 2026 until 12:01 a.m. Friday, July 10, 2026**

As a reminder: Gillnets must be 6-inch or less mesh gillnets and may not exceed 50 fathoms in length and not more than 45 meshes deep.

Fishermen in Districts 4 & 5 are reminded that they may retain any portion of their catch for personal or subsistence use. Fish retained for personal or subsistence use from a commercial fishery must be reported and recorded in the space provided on an ADF&G fish ticket. Fishermen are also reminded that gillnet gear may not be operated in a manner that obstructs more than one half the width of any waterway. In the intertidal zone, this restriction applies at all tide stages.

The department will be closely monitoring commercial fishing periods to assess fishery performance and announcement of additional commercial fishing periods as warranted. Further announcements will be made from the Bethel Fish and Game office, on the State of Alaska website

(<http://www.adfg.alaska.gov/index.cfm?adfg=cfnews.main>), local radio stations, and Kuskokwim River Facebook Page (<https://www.facebook.com/KuskoRiverFishingADFG/>). Advisory Announcements will be faxed to area villages and local fish processing companies.

For additional information concerning this advisory announcement:
