JUSTIFICATION:

The Alaska Board of Game endorsed the Fortymile Caribou Herd Harvest Plan as a means of guiding harvest of the herd. The annual harvest quota is allocated seasonally: 75% to the fall hunt and 25% to the winter hunt. The fall harvest quota is further subdivided into zones within the

RC860 registration hunt area, each with its own quota. The fall 2024 combined quota for Zones 1 and 4 is 195 caribou. Following an Emergency Order closing the RC860 hunt in zones 1 and 4 as a conservation measure to avoid overharvest and exceeding the quota, Fortymile caribou have begun to move away from the Steese highway in Zones 1 and 4, and we expect that the hunt can occur as planned at this point.. The state caribou hunting season (RC860) will open in Zones 2 and 3 on August 11, 2024 as scheduled.
