Moose season extension in Game Management Units 21BCD and 24BCD

(Galena) – The Alaska Department of Fish and Game is announcing a 5-day extension of the State of Alaska moose hunting season in Game Management Units 21B, 21C, and 21D (outside the Koyukuk Controlled Use Area); and a 7-day extension in Game Management Units 21D (inside the Koyukuk Controlled Use Area) and Game Management Units 24B, 24C, and 24D. This season extension opens one minute after midnight October 1, 2025 and closes at 11:59 pm on October 5, 2025 (5-day extension area) or closes 11:59 pm on October 7, 2025 (7-day extension area). The bag limit is one bull.

Alaska residents, excluding CM300 participants, who have not already harvested a moose this regulatory year qualify for this hunt. To participate, hunters must possess a valid 2025 Alaska state hunting license, and state registration permit RM832, RM834, RM838, or General Harvest ticket as appropriate for the registration permit or general harvest ticket hunt areas described in the Alaska Hunting Regulations for those fall hunts. The RM832, RM834, RM838 permits, and general harvest tickets will be available online at <http://hunt.alaska.gov>, and from vendors in Units 21D and 24, at the ADF&G Regional Office in Fairbanks or the Galena Area office. Hunters who obtained RM832, RM834, and RM838 permits, or General Harvest tickets earlier this fall do not have to obtain a new registration permit or harvest ticket and can hunt with the one they were issued earlier this year, provided they have not reported.

For the RM832 and RM834 hunts, one antler must be cut through the middle of the palm at the kill site and the upper half of one antler must be surrendered to ADF&G or designated representative.

All hunters (successful, unsuccessful, did not hunt) are required to report no later than October 15, 2025. The permit or harvest ticket report can be completed online (<http://hunt.alaska.gov>) or return the completed report card to the vendor that issued the permit or harvest ticket, the ADF&G Galena Area Office, or the ADF&G Fairbanks Regional Office.

For additional hunt or permit information contact Glenn Stout at 907-459-7218.
