

Unit 20 Fairbanks-Central Tanana

State restricted
areas on pgs. 104-106

Unit 20: The Yukon River drainage upstream from and including the Tozitna River drainage to and including the Hamlin Creek drainage, drainages into the south bank of the Yukon River upstream from and including the Charley River drainage, the Ladue River and Fortymile River drainages, and the Tanana River drainage north of Unit 13 and downstream from the east bank of the Robertson River;

Unit 20A: that portion of Unit 20 bounded on the south by the Unit 13 boundary, bounded on the east by the west bank of the Delta River, bounded on the north by the north bank of the Tanana River from its confluence with the Delta River downstream to its confluence with the Nenana River, and bounded on the west by the east bank of the Nenana River including Seventeen Mile Slough and Lost Slough;

Unit 20B: that portion of Unit 20 in drainages into the north bank of Tanana River from and including Hot Springs Slough upstream to and including Banner Creek drainage;

Unit 20C: that portion of Unit 20 bounded on the east by the east bank of the Nenana River including Seventeen Mile Slough and Lost Slough and on the north by the north bank of the Tanana River downstream from the Nenana River;

Unit 20D: that portion of Unit 20 bounded on the east by the east bank of the Robertson River and on the west by the west bank of Delta River, and drainages into the north bank of the Tanana River from its confluence with the Robertson River downstream to, but excluding, the Banner Creek drainage;

Unit 20E: that portion of Unit 20 in drainages into the south bank of the Yukon River upstream from and including the Charley River drainage and the Ladue River drainage;

Unit 20F: the remainder of Unit 20.

A portion of this unit is within a predator control area; see special regulations online at hunt.alaska.gov.

Army impact areas permanently closed, call (907) 361-9686 for information. Unexploded ordnance may be present in portions of Unit 20A, 20B, and 20D. More information is available at <https://usartrak.isportsman.net/>

State restricted areas in Unit 20 (see corresponding numbers on map, page 103):

1 Dalton Highway Corridor Management Area (DHCMA): Units 20 and 24-26 extending five miles from each side of the Dalton Highway, including the drivable surface of the Dalton Highway, from the Yukon River to the Arctic Ocean, and including the Prudhoe Bay Closed Area. **The area within the Prudhoe Bay Closed Area is closed to the taking of big game; the remainder of the DHCMA is closed to hunting; however, big game, small game, and fur animals may be taken in the area by bow and arrow only, and small game may be taken by falconry. Any hunter traveling on the Dalton Highway must stop at any check station operated by the department within the DHCMA.** Hunting with firearms is prohibited by statute. Motorized vehicle restrictions exist, contact AKDOT and land managers for details.

2 Minto Flats Management Area: Unit 20B bounded by Elliott Highway beginning at Mile 118, then northeasterly to mile 96, then east to the Tolovana Hotsprings Dome, then east to the Winter Cat Trail, then along the Cat Trail south to the Old Telegraph Trail at Dunbar, then westerly along the trail to a point where it joins the Tanana River three miles upstream from Old Minto, then along the north bank of the Tanana River (including all channels and sloughs except Swan Neck Slough*), to the confluence of the Tanana and Tolovana Rivers and then northerly to the point of beginning. (*Note: The area between Swan Neck Slough and the Tanana River is within the Minto Flats Management Area.) **Aircraft or airboats may not be used for moose hunting or to transport moose, moose hunters or moose hunting equipment within the Management Area.**

3 Minto Flats State Game Refuge: Use of four-wheelers and other wheeled/tracked vehicles is generally prohibited within the refuge. Individuals with private inholdings may be permitted to use vehicles on authorized routes only for access to and from inholdings. However, a General (public) Permit has been issued authorizing the 'non-winter' use of fully-tracked vehicles with a curb weight of 1,500 pounds or less and a ground contact pressure rating of 2.0 pounds per square inch or less on limited portions of the refuge (described in the permit) from May 1 through October 14. The 'winter' use of tracked or wheeled (non-highway) vehicles is authorized refuge-wide from October 15 through April 30, provided there is sufficient snow cover, ground frost, and frozen water surfaces to prevent penetration of, or disturbance to, the soil surface, vegetation root system, and water quality. This is only a synopsis of the general permit. To view the refuge management plan, refuge map, and the general permit for a description of the refuge boundary and additional permit restrictions and authorizations visit our Conservation Areas website at <http://www.adfg.alaska.gov/index.cfm?adfg=mintoflats.main>. For further information on the refuge or other Special Areas contact the ADF&G, Habitat Section, Fairbanks office (907) 459-7289.

4 Lost Lake (Mile 306.1 Richardson Highway) Closed Area: the area within 1/2 mile of the lake is **closed to the taking of big game with firearms and crossbows.**

5 Creamer's Field Migratory Waterfowl Refuge: In this portion of Unit 20B **hunting and trapping are allowed by registration only.** The department may use its discretionary authority to implement the management plan for the refuge. **Weapons restrictions and motorized vehicle restrictions apply.**

6 Fairbanks Management Area: that portion of Unit 20B bounded by a line from the confluence of Rosie Creek and the Tanana River, northerly along Rosie Creek to the middle fork of Rosie Creek through section 26 to the Parks Highway, then east along the Parks Highway to Alder Creek, then upstream along Alder Creek to its confluence with Emma Creek, then upstream along Emma Creek to its headwaters, then northerly along the hydrographic divide between Goldstream Creek drainages and Cripple Creek drainages to the summit of Ester Dome, then down Sheep Creek to its confluence with Goldstream Creek, then easterly along Goldstream Creek to Sheep Creek Road, then north on Sheep Creek Road to Murphy Dome Road, then west on Murphy Dome Road to Old Murphy Dome Road, then east on Old Murphy Dome Road to the Elliot Highway, then south on the Elliot Highway to Davidson Ditch, then southeasterly along the Davidson Ditch to its confluence with the tributary to Goldstream Creek in Section 29, then downstream along the tributary to its confluence with Goldstream Creek, then in a straight line to First Chance Creek, then up First Chance Creek to the summit of Tungsten Hill, then southerly along Steele Creek to its intersection with the Trans-Alaska Pipeline right-of-way, then southeasterly along the easterly edge of the Trans-Alaska Pipeline right-of-way to the Chena River, then along the north bank of the Chena River to the Moose Creek dike, then southerly along the Moose Creek dike to its intersection with the Tanana River, and then westerly along the north bank of the Tanana River to the point of beginning. **The area is open to moose hunting by bow and arrow only and Creamer's Field is also open to muzzleloaders.**

7 Birch Lake (Mi. 306 Richardson Highway) & Harding Lake (Mi. 319 Richardson Highway) Closed Area: the area within 1/2 mile of these lakes is closed to taking big game.

8 Ferry Trail Management Area: Unit 20A bounded on the north by the Rex Trail; bounded on the west by the east bank of the Nenana River from its intersection with the Rex Trail south to the divide forming the north boundary of the Lignite Creek drainage; bounded on the south by that divide easterly and southerly to the headwaters of Sanderson Creek at Usibelli Peak, then along a southwesterly line to the confluence of Healy Creek and Coal Creek, then upstream easterly along the south bank of Healy Creek to the north fork of Healy Creek, then along the north fork of Healy Creek to its headwaters; bounded on the east by a straight line from the headwaters of Healy Creek to the headwaters of Dexter Creek, then along Dexter Creek to the Totatlanika River, then down the east bank of the Totatlanika River to the Rex Trail. **Open to caribou hunting by permit only.**

9 Healy-Lignite Management Area: Unit 20A that includes the entire Lignite Creek drainage, and that portion of the Nenana River drainage south of the Lignite Creek drainage and north of a boundary beginning at the confluence of the Nenana River and Healy Creek, then easterly along the south bank of Healy Creek to its confluence with Coal Creek, then northeasterly to the headwaters of Sanderson Creek at Usibelli Peak. **Open to hunting by bow and arrow only, small game may also be taken by falconry and shotgun.**

10 Wood River Controlled Use Area: Unit 20A bounded on the north by the south side of the Rex Trail beginning at its intersection with the east bank of the Totatlanika River, then easterly along the Rex Trail to Gold King airstrip, then from Gold King airstrip along the trail's extension along the north side of Japan Hills to the Wood River; bounded on the east by the east bank of the Wood River, including the Wood River drainage upstream from and including the Snow Mountain Gulch Creek drainage; bounded on the south by the divide separating the Yanert River drainage from the drainages of the Healy Creek, Moody Creek, Montana Creek, and the Wood River; and bounded on the west by the east bank of the Nenana River from the divide separating the drainage of the Yanert River and Montana Creek north to Healy Creek, then easterly along the south bank of Healy Creek to the north fork of Healy Creek, then along the north fork of Healy Creek to its headwaters, then along a straight line to the headwaters of Dexter Creek, then along the east bank of Dexter Creek to the Totatlanika River, and then down the east bank of the Totatlanika River to the Rex Trail. **The area is closed to the use of any motorized vehicle, except aircraft for big game hunting including the transportation of any big game hunters, their hunting gear, and/or parts of big game, Aug 1-Sept 30; however, this does not prohibit motorized access via, or transportation of game on, the Parks Highway or the transportation into the area of game meat that has been processed for human consumption.**

11 Yanert Controlled Use Area: Unit 20A drained by the Nenana River upstream from and including the Yanert Fork drainage. The area is **closed to any motorized vehicle, except aircraft, for big game hunting, including transportation of big game hunters, their hunting gear, and/or parts of big game Aug 1-Oct 31. However, this does not prohibit motorized access via, and transportation of game on, the Parks Highway or the transportation into the area of game meat that has been processed for human consumption.**

12 Delta Junction Management Area: Unit 20D bounded by a line beginning at the confluence of Donnelly Creek and the Delta River, then up Donnelly Creek to Richardson Highway (MP 238), then north along the east side of the highway to the "12-mile crossing trail" (Mile 252.4) then east along the south side of the "12-mile crossing trail" and across Jarvis Creek to the 33-mile loop road, then northeast along the 33-mile loop road to the intersection with the Alaska Highway (MP 1414), then southeast along the north side of the Alaska Highway to the bridge at Sawmill Creek (MP 1403.9), then down the west bank of Sawmill Creek to its confluence with Clearwater Creek and down the south bank of Clearwater Creek to its confluence with the Tanana River, then down the Tanana River to its confluence with the Delta River, and upstream along the east bank of the Delta River to the point of beginning at Donnelly Creek, the area is **open to moose hunting by permit only.**

13 Delta Controlled Use Area: those portions of Units 13B, 20A, and 20D beginning at the confluence of Miller Creek and the Delta River then west to Vertical Angle Bench mark (VABM) Miller, then west to include all drainages of Augustana Creek and Black Rapids Glacier, then north and east to include all drainages of McGinnis Creek to its confluence with the Delta River, then east in a straight line across the Delta River to the east bank of the Delta River, then north along the east bank to a point opposite the intersection of the Alaska and Richardson highways then east in a straight line to the intersection of the Alaska and Richardson highways, then east along the Alaska Highway, to the west bank of the Johnson River, then south along the west bank of the Johnson River and Johnson Glacier to the head of the Canwell Glacier, then west along the north bank of the Canwell Glacier, and Miller Creek to the Delta River. The area is **closed to any motorized vehicle or pack animal for big game hunting, including the transportation of big game hunters, their hunting gear, and/or parts of big game, Aug 5-25.** However, this does not prohibit motorized access to the area for hunting, or transportation of game on the Richardson Highway, or the use of aircraft at the Charlie Boyd airstrip (63° 29' 30" N. lat., 144° 50' 45" W. long.) along the Johnson River.

14 Bison Range Controlled Use Area: the area consists of 2 field complexes within the Delta Junction Bison Range in Unit 20D as follows: (i) the Panoramic Field hunting area is located ¾ mile south of the Alaska Highway between MP 1404.0 and 1407.6, and bounded by a line beginning at the northeast corner (latitude/longitude 63° 53.299'/145° 14.714'), then northwest 3.5 miles to 63°54.956'/145°20.767', then southwest 2.4 miles to 63°53.206'/145°23.232', then southeast 1.5 miles to 63° 52.537'/145° 20.758', then northeast 1.0 mile to 63° 53.301'/145° 19.659', then southeast 2.0 miles to 63° 52.330'/145°16.075', then northeast 1.0 miles to the beginning point; and (ii) the Gerstle Field hunting area is located ¾ mile south of the Alaska Highway between MP 1394.1 and 1396.8, and bounded by a line beginning at the northeast corner (latitude/longitude 63°48.984'/144°57.766'), then northwest 2.9 miles to 63°50.242'/145°02.874', then southwest 1.1 miles to 63°49.102'/145°04.197', then southeast 2.3 miles to 63°48.239'/145°00.339', then northeast 1.6 miles to the beginning point. **The area is closed to motorized vehicles for hunting July 1-Sept 30, including the transportation of hunters, their hunting gear or parts of game, in the area.**

15 Ladue River Controlled Use Area: Unit 20E bounded on the west by the east bank of the Dennison Fork of the Fortymile River from its confluence with the South Fork of the Fortymile River upstream to the confluence with the unnamed creek that drains north from Son Mountain, then south along the east bank of this creek to the top of Son Mountain; on the south by a straight line east from the top of Son Mountain to the north bank of the Ladue River, then along the north bank of the Ladue River to the U.S./Canada border; on the east by the U.S./Canada border; and on the north from the intersection of the U.S./Canada border and the divide on the north side of the mainstem of the Sixtymile drainage, then westerly along this divide to the unnamed tributary of Liberty Creek at N 63° 53.630', W 141° 15.370', then downstream along the south bank of the unnamed tributary to its confluence with the mainstem of Liberty Creek, then downstream along the south bank of Liberty Creek to the confluence with the Walker Fork of the Fortymile River then downstream along the west bank of the Walker Fork of the Fortymile River, to the Taylor Highway then westerly along the Taylor Highway to the Taylor Highway bridge over the South Fork of the Fortymile River, then upstream along the east bank of the South Fork of the Fortymile River to the confluence with

the Dennison Fork of the Fortymile River; **the area is closed to the use of any motorized land vehicle for hunting, including the transportation of hunters, their hunting gear, and/or parts of game, Aug 24-Sept 20.** However, this does not prohibit motorized access or transportation of game on the Nine Mile and Liberty Creek trails, U.S./Canada border, or the Boundary Cutoff of the Taylor Highway or the transportation into the area of game meat that has been processed for human consumption; the Nine Mile Trail as referenced in this regulation refers to the single primary ATV trail beginning along the Taylor Highway at 63° 24.233' N. lat., 142° 28.422' W. long., entering the western portion of the defined controlled use area at 63° 23.879' N. lat., 142° 09.073' W. long. and terminating at 63° 32.420' N. lat., 141° 27.995' W. long., only the single primary trail including connected bypasses no more than 20 feet.

16 Macomb Plateau Controlled Use Area: Unit 20D, south of the Alaska Highway, draining into the south side of the Tanana River between the east bank of the Johnson River upstream to Prospect Creek, and the east bank of Bear Creek (Mile 1357.3). The area is **closed to any motorized vehicle for hunting including the transportation of hunters, their hunting gear, and/or parts of game, from August 10-Sept 30 except for a floatplane on Fish Lake, and motorized vehicles, including aircraft, to, from, and on the Dry Creek Airstrip at Mile 1379 Alaska Highway or the transportation into the area of game meat that has been processed for human consumption.**

17 Tok Management Area: portions of Units 12, 13C, and 20D bounded by a line along the Alaska Highway east from the west side of the Johnson River bridge to Tok Junction, then south along the Tok-Slana Cutoff (Glenn Highway) to the Slana River, then west along the north bank of the Slana River to its confluence with Lost Creek, then up the north side of Lost Creek to the divide between Lost Creek and Jack Creek, then north to the Unit 12 boundary then west along the Unit 12 boundary to Mount Kimball (63° 17' N. lat., 144° 40' W. long.), then west in a straight line to Mount Gakona (63° 17' N. lat., 145° 12' W. long.), then southwesterly to the head of Canwell Glacier, then northerly to the head of the Johnson Glacier, then northerly along the west bank of the Johnson Glacier and Johnson River to the Johnson River Bridge; **the area is open to sheep hunting by permit only.**

18 Glacier Mountain Controlled Use Area: Unit 20E bounded by a line beginning at mile 140 of the Taylor Highway, then north along the highway to Eagle, then west along the cat trail from Eagle to Crooked Creek, then from Crooked Creek southwest along the west bank of Mogul Creek to its headwaters on North Peak, then west across North Peak to the headwaters of Independence Creek, then southwest along the west bank of Independence Creek to its confluence with the North Fork of the Fortymile River, then easterly along the south bank of the North Fork of the Fortymile River to its confluence with Champion Creek, then across the North Fork of the Fortymile River to the south bank of Champion Creek and easterly along the south bank of Champion Creek to its confluence with Little Champion Creek, then northeast along the east bank of Little Champion Creek to its headwaters, then northeasterly in a direct line to mile 140 on the Taylor Highway. The area is **closed to any motorized vehicle for hunting, including transportation of hunters, their hunting gear, and/or parts of game, during July 26-Sept 20.** However, this does not prohibit motorized access via, or transportation of game on, the Taylor Highway or the transportation into the area of game meat that has been processed for human consumption.

19 Chena River State Recreation Area: Hunting and ORV restrictions apply, call (907) 451-2695 or visit <http://dnr.alaska.gov/parks/> for details.

Unit 20 Fairbanks-Central Tanana

State restricted
areas on pgs. 104-106

Portions of Unit 20F are in DHCMA and additional restrictions apply, see pg. 104.

WING COLLECTIONS: Grouse and Ptarmigan Hunters

ADF&G is asking for your help in the collection of wings, tails, and heads from hunter harvested grouse and ptarmigan. These samples allow biologists to better understand sex and age structure of the harvest which is important for managing these valuable resources.

If you are interested in helping, please:

- Remove from each bird:
 - One clean and intact wing (grouse and ptarmigan)
 - Tail fan (ONLY grouse), head (ONLY ptarmigan)
- Place the wing and tail/head in a wing bag (available at your local ADF&G office) or other paper bag.
- Record approximate location and date of harvest on the bag. Include contact information if you would like the results of your samples returned.
- Wings can be taken to your nearest ADF&G office at your convenience OR mailed directly to:

Alaska Dept. of Fish and Game ATTN: Small Game Program 1801 S Margaret Dr, Ste 2 Palmer, AK 99645 (postage paid return envelopes also available at ADF&G offices)	OR	Alaska Dept. of Fish and Game ATTN: Small Game Program 1300 College Road Fairbanks, AK 99701
---	-----------	---
- The results of your samples will be returned to you quickly and a final report summarizing the status of small game will be sent to you or available online (<http://smallgame.adfg.alaska.gov>) by early summer for your review.

Your efforts will have a direct impact on understanding the fall harvest composition and age structure of these unique and valuable resources. Thank you!
