

2020-2021 WINTER TROLL EXEMPTION PERMIT

This permit, once signed by a department representative, authorizes the owner of a salmon troll catcher-processor vessel (FAS) to remove heads of adipose fin-clipped salmon before the salmon are offloaded from the vessel, exempting the vessel owner from provisions of 5 AAC 29.140(b). A signed copy should be kept onboard the vessel.

Instructions: If you are completing this permitting process from outside an ADF&G office, you may fill in your information and fax it to the Sitka area office at (907) 747-6693 or scan it to grant.hagerman@alaska.gov or mike.vaughn@alaska.gov.

This exemption form is to be used for the 2020-2021 winter troll fishery only.
