

Agenda
HWI Science Panel Meeting
Virtual meeting via Microsoft Teams
November 9, 2020
9:00 AM to 5:00 PM

The goal of this meeting is to review 2020 activities, provide guidance for 2021, and discuss reporting and data sharing. Decisions will need to be made on priorities for processing samples, sample collections, and contracting activities for 2021.

- 1) Introductions
 - a. Science Panel
 - b. Staff
 - c. Contractors
 - d. others

- 2) Approve minutes from December 16, 2019

- 3) Budget Report (Pryor)
 - a. Proforma
 - b. Fund sources
 - i. 2016 Pink Salmon Disaster
 - ii. PNP
 - iii. Processors
 - iv. Grants
 - v. In-kind

- 4) Publications
 - a. PWS pink and chum salmon
 - b. SEAK chum salmon straying
 - c. RRS manuscript
 - d. Webpage updates

- 5) 2020 Contractor Reports
 - a. PWS Stream Sampling summary – PWSSC
 - b. SEAK Stream Sampling summary – SSSC

- 6) 2020 Lab Reports
 - a. PWS Otolith – ADFG Cordova
 - b. Southeast Otolith – MTAL
 - c. Genetic – GCL
 - i. Lab progress
 - A. Tissues analyzed
 - B. Otolith shipping issue
 - ii. Statistical analysis
 - iii. Database status

- 7) 2021 Planning
 - a. PWS stream sampling?
 - b. SEAK stream sampling – options to increase success
 - c. Priorities for sample processing
 - d. Possible outreach/presentation opportunities
 - i. January 26-28, 2021, Alaska Marine Science Symposium, Virtual
 - ii. March 3, 2021, HWI Public outreach meeting, Anchorage
 - iii. March 4, 2021, Board of Fisheries Hatchery Committee, Anchorage
 - iv. March 2021, Genetics Symposium, American Fisheries Society Meeting, Virtual
 - e. Other 2021 planning
 - i. Other publications – Chum salmon baseline and PWS pink salmon baseline

- 8) Data Sharing
 - a. Protocol
 - b. Specific requests

- 9) Additional items
