

Agenda
HWI Science Panel Meeting
Virtual meeting via Microsoft Teams
December 21, 2020
9:30 AM to 12:00 AM

The goal of this meeting is to review SEAK sampling plan for 2021, review new RRS results, revisit data sharing plan and introduce CICOES postdoc opportunity. Decisions will need to be made on the sampling plan and data sharing plan. Due to short meeting time, formalities such as introductions will be minimized.

- 1) Decide on SEAK sampling plan for chum salmon 2021 and forward – Chance
- 2) Review of new RRS results – Kristen and Kyle
- 3) Revisit data sharing plan – Chris
- 4) Introduce CICOES postdoc opportunity – Peter and Bill
- 5) Approve minutes from November 9, 2020 (if time allows).
- 6) Additional items.
