

PERFORMANCE REPORT

STATE: Alaska

GRANT NO.: F-10-33

GRANT TITLE: Sport Fish Investigations in Alaska

PERIOD COVERED: July 1, 2017 – June 30, 2018

STUDY NO. AND TITLE: C-2-1 Region II Research Supervision and Support

STUDY OBJECTIVES:

Provide coordination and oversight of SFR grant funded projects in Region II.

RESULTS/DISCUSSIONS:

A total of 24 contract projects were coordinated and supervised during the reporting period. Budgets for these contracts were developed from September through December 2017. Formal, detailed, published operational plans were developed, reviewed, and approved for all of these projects during July through September 2017 and March through June 2018. Field operations were supervised during July through October 2017 and May and June 2018. Analysis and reporting of these projects is ongoing through 30 June 2018. Management and coordination of these programs occurred during the entire reporting period and included the development of annual management reports, reports for Board of Fisheries meetings, and various pamphlets and Internet web pages used for disseminating research information to the public.

FINAL REPORT STATUS:

This performance report constitutes the final report of activities for study C-2-1 during the F-10-33 contract period.
