COOPERATORS: N/A

This is the final report for a multi-year project. This template is applicable to both:

- the final closeout report of a multi-year grant; or
- the final closeout report of a multi-year *project* within the annual operating grant, summarizing all accomplishments for all objectives.

Authorities: 2 CFR 200.328
2 CFR 200.301
50 CFR 80.90

I. SUMMARY OF WORK COMPLETED ON PROJECT

Objective 1: This project will develop the Compeau, Mastodon, and Upper Chena Dome trailheads to improve access by providing managed traffic flow, increased parking, sanitary facilities, informational signage, and other accessible trailhead amenities. Approximately 50 parking spaces and 3 vaulted toilets will be constructed over the three sites. Additionally, informational signs and kiosk will be installed to assist in communicating pertinent information for the area.

Accomplishments: During this performance period, the Contractor completed the remaining construction punch-list items as noted in the substantial completion inspection performed in October of 2018, along with all remaining Construction Contract requirements. Remaining punch-list items included but, were not limited to: completion of all park amenities (i.e. orientation kiosk, ATV/snow-machine ramp, etc.), achievement of sufficient vegetative stabilization, and installation of all remaining facility accessories (i.e. culvert markers, signs, etc.). During this period the Contractor also completed the work as detailed in RFP No. 1/Change Order No. 1, which included installation of hot mix asphalt pavement at all three trailheads. The corresponding Change Order No. 1 was approved and included in the final Contract amount.

The Construction Contract was finalized, and a letter of final acceptance was issued on October 4, 2019.

II. SIGNIFICANT DEVELOPMENT REPORTS AND/OR AMENDMENTS.

N/A
