Permits Available for Interior Alaska Moose Hunts

Surplus drawing permits for moose hunting in Interior Alaska will be issued on a first come—first served basis to hunters whose emailed applications are received at the Fairbanks Fish and Game office beginning 8:00 am Alaska time on March 15, 2021 until 5:00 pm May 17, 2021.

Emails received before 8:00 am Alaska time on March 15 will not be considered.

Applications for surplus permits are available from any Fish and Game office, and on the internet at <https://www.adfg.alaska.gov/index.cfm?adfg=huntlicense.undersubscribed>, but the website does not allow hunters to apply online. Applications must be downloaded, completed, signed, and then **emailed to dfg.dwc.region3permits@alaska.gov**. *We are no longer accepting applications that are faxed.* Hunters must complete and sign the application themselves.

“Drawing permits are usually issued by random lottery, but we received fewer applications for these particular hunts this year, so not all of the permits were awarded,” said biologist Ryan Klimstra.

“The Board of Game allows us to decide whether or not to issue unused permits, and this year we will again make them available.”

Those who are awarded a permit will be contacted within one week of submitting their application.

Klimstra cautioned hunters that access into some of these hunt areas can be difficult and expensive. Hunters should understand accessibility and other limitations before applying for these hunt areas. Antler restrictions, requirements to leave meat on the bone, and other limiting conditions also must be met in some of these hunts.

Specific information for these hunts can be found in the *2021–2022 Alaska Drawing Permit Hunt Supplement* available at Fish and Game offices, or online at www.hunt.alaska.gov at *Undersubscribed Draw permits available*. Hunters can also go directly to <https://www.adfg.alaska.gov/index.cfm?adfg=huntlicense.undersubscribed> to see a link to the Drawing Permit Hunt Supplement which more fully describes hunt limitations. **Hunters with questions about the application process for these hunts should call (907) 459-7272.**
