

## GENERAL REGULATIONS - PERSONAL USE FINFISH FISHERIES

### ONLY ALASKA RESIDENTS, AS DEFINED ON PAGE 4, ARE ELIGIBLE TO PARTICIPATE IN PERSONAL USE FISHERIES.

**Nonresidents may not participate in personal use fisheries.** For example, nonresidents may not handle or clean fish harvested in a personal use fishery and nonresidents may not handle any of the gear or operate a boat that is being used for personal use fishing.

"Personal use" is taking, fishing for, or possession of finfish, shellfish, or other fishery resources, by Alaska residents for personal use and not for sale or barter, with gill or dip net, seine, fish wheel, long line, or other means defined by the Board of Fisheries.

- **In all personal use fisheries, a resident sport fishing license is required (unless the resident angler is under 18):**
  - For resident anglers aged 18 to 59, a resident Alaska sport fishing license must be in possession of the person who is personal use fishing.
  - For Alaska resident anglers 60 or older and for Alaska resident disabled veterans, the ADF&G PID card or DV card must be in possession of the person who is personal use fishing.
  - In some personal use fisheries, a permit is required in addition to the sport fishing license. Personal use permits are available on the ADF&G online store at <https://store.adfg.alaska.gov> and through the ADF&G mobile app.
  - Salmon sport fishing bag and possession limits are in addition to those allowed under personal use fishing regulations.

### PERSONAL USE PERMITS ARE AVAILABLE ON THE ADF&G ONLINE STORE AT [HTTPS://STORE.ADFG.ALASKA.GOV](https://store.adfg.alaska.gov)

**Permits are required for personal use fisheries on the Kenai, Kasilof, and Susitna rivers, and Fish Creek; and for the Kachemak Bay coho salmon gillnet fishery.**

- You must have a current year's Alaska resident sport fishing license (or the ADF&G Permanent ID or DV card) to obtain a permit.
- **Only one permit per household, not one permit per person.** "Household" means a group of people domiciled in the same residence.
- No permit is required for the China Poot Creek personal use fishery.
- The Upper Cook Inlet Personal Use permit, which applies to personal use fisheries on the Kenai, Kasilof, and Susitna rivers, and Fish Creek are only available online at <https://store.adfg.alaska.gov> or through the ADF&G mobile app.
- **Yearly harvest limits for Upper Cook Inlet personal use permit:**
  - 25 salmon (except king salmon) for head of household and 10 for each additional member. See Kasilof gillnet and Kenai PU fisheries for exception to king salmon retention.
- Kachemak Bay coho salmon gillnet fishery permits are only available on the ADF&G online store at <https://store.adfg.alaska.gov> from July 15 until the fishery closes. Contact the Homer office at (907) 235-8191 for more info.
- **Harvest and participation must be reported online no later than August 15** whether you went dipnetting or not through the ADF&G online harvest reporting webpage at <https://harvest.adfg.alaska.gov> or through the ADF&G mobile app.
- Permit holders who fail to report as required by 5 AAC 77.015(c), may be subject to a \$200 fine and will be denied an Upper Cook Inlet Personal Use Salmon permit the following year.

**You may not possess salmon taken under a personal use salmon fishing permit unless both tips of the tail fin have been immediately removed from the salmon.**

- **When fishing from shore:** Immediately means before concealing the salmon from plain view or before transporting the salmon from the shoreline or streambank adjacent to the waters open to personal use fishing where the salmon was removed from the water.
- **When fishing from a boat:** Immediately means before concealing the salmon from plain view or before transporting the salmon from the waters open to personal use fishing where the salmon was removed from the water.
- This definition of immediately applies only to the personal use fishery and **DOES NOT** apply to recording king salmon (or other fish) taken in the sport fishery on the sport fishing license or harvest record.
- All fish harvested (salmon and flounder) must be recorded on the permit, in ink, **immediately** upon harvesting the fish.
- **Immediately means:** Before concealing the salmon from plain view or transporting the salmon from the shoreline or streambank adjacent to waters open to personal use fishing where the salmon was removed from the water when fishing from shore or from the waters open to personal use fishing when fishing from a boat.

Each personal use fisherman must write their first initial, last name, and home address on any keg or buoy attached to a gillnet. A keg or buoy attached to a gillnet must also be inscribed with the name or the AK number of the vessel used to operate the gillnet.

- Net sites are strictly on a "first come, first served" basis. The placement of signs, running lines, buoys, or dry nets on the beach in anticipation of incoming tides does not constitute any prior right to a net location. Sites are established only when the net actually enters the water.
