

RC  
#12

# Juneau-Douglas Advisory Committee

Corrected position for Proposal # RC9012

The Juneau-Douglas AC met on 12/19 with 11 committee members in attendance, one of which was via teleconference. The AC discussed BOG and Shellfish proposals. ADF&G personnel present included Stephanie Sell - WC AMB, Dave Harris - CF AMB, Adam Messmer - Region 1 crab biologist, and David Love - SF AAMB. BOG proposals 12-18, 23,26-29,31,35 and 38 were discussed with Stephanie Sell for the majority of the meeting. Adam Messmer then fielded questions about shellfish proposals, Dave Harris talked about commercial fish proposals, and I discussed the proposal about the permit requirement for sport and personal use shrimp in 11-A.

Finfish proposals were scheduled for Monday, January 5 at 6 PM at the Egan Library on the UAS Campus.

Below are the J-D AC's actions on shellfish proposals.

Prop. number	AC position and votes For-Against-Abstain	Issue
59	O: 0-11-0	Repeal the Dungeness crab management plan.
61	O: 0-11-0	Establish protocol for measuring soft-shell ratios in surveys prior to opening commercial Dungeness crab fishery.
67	NA	"This is not a proposal."
69	O: 0-9-2	Closed waters for Southeast Alaska Dungeness crab fisheries.
75	O: 0-8-3	Closed waters for Southeast Alaska Dungeness crab fisheries.
77	O: 0-8-3	Closed waters for Southeast Alaska Dungeness crab fisheries.
82	O: 0-11-0	Increase pot limits in personal use Tanner crab fishery
93	S: 11-0-0	Require harvest reporting permit for sport and personal use shrimp in Section 11-A
100	S: 11-0-0	Limit aggregate commercial, sport, personal use and subsistence shrimp pots to 140 small or 100 large pots
109	NA: 9-2-0	First vote AC abstained 0-1-10, then discussed 110 before returning to rescind 109 and reach a final vote 9-2-0 for NA
110	O: 3-6-2	Increase trip limit/stack permits in sea cucumber fishery

S = Support; O = Oppose; NA = No Action; NP = No position.
