Mission Statement: To develop, expand, and enhance new and existing dive fisheries in Southeast Alaska.

January 21, 2015

Dear Board of Fisheries Members,

I had intended to travel to Wrangell today to present public testimony, however, due to the poor weather I have had to cancel my plans.

SARDFA (under my name) wrote 4 proposals 109 and 110 for sea cucumbers and 111 and 112 for geoduck clams.

Since submitting the proposals the SARDFA Sea Cucumber Committee, the Geoduck Committee, and the SARDFA Board of Directors have voted to withdraw all of those proposals. We ask that the Board of Fish take no action on those proposals.

SARDFA does support the Alaska Department of Fish and Game Proposal 108 which we consider a house keeping proposal.

Thank you for your time in this matter.

Sincerely

Phil Doherty
