Re: Request for Records

Dear Records Coordinator:

Under the Alaska Open Records Law, A.S. § 40.25.110 et seq., I request that a copy of the following documents, or documents containing the following information, be provided to me:

Any and all correspondence, records, or files in your possession relating to **XS Platinum, Inc.**, and its operations at the Platinum Creek Mine in southwest Alaska, from November 1, 2007, to the present, *including, but not limited to*, any records associated with site-visits, monitoring and/or reporting activities by the Alaska Department of Fish and Game communications with any one relating to XS Platinum, Inc or the Platinum Creek Mine.

If you deny this request in whole or in part, please identify the specific exemption(s) that justify the denial. In addition, please release all reasonably segregable portions of records withheld which are not subject to an exemption. In order to help to determine my status to assess fees, you should know that I am affiliated with a private corporation seeking information for company business use. I am willing to pay fees for this request up to a maximum of \$750.00. If you estimate that the fees will exceed this limit, please inform me prior to processing request. Because time is of the essence in connection with this request, we ask that you produce any materials that become available on a rolling basis as you are able to release them. I request that the information I seek be provided in electronic format, and I would like to receive it on CD-ROM.

ADFG, Board of Fisheries – Request for Records
