

PROPOSAL 214 – 5 AAC 39.010. Retention of fish taken in a commercial fishery. Specify that bycatch in excess of the allowable amount will be surrendered to the state and donated to charity and establish fines for bycatch in excess of the allowable amount, as follows:

All commercial bycatch over the amount allowed shall be surrendered to the state to be given to charity. The permit holder shall be fined, per pound, fair market value of each species of bycatch they exceeded.

What is the issue you would like the board to address and why? I would like to address the commercial bycatch problem because there is too much wastage.
