

**PROPOSAL 217**

**5 AAC 55.055. Prince William Sound non-commercial shrimp fishery management plan.**

Allow for harvest of octopus with additional gear while participating in the Prince William Sound noncommercial shrimp fishery, as follows:

(d) allow for the addition of octopus specific gear on the same line in addition to shrimp pots.

**What is the issue you would like the board to address and why?** To allow for the addition of octopus specific gear on the same line in addition to shrimp pots.

So as to minimize both environmental and financial impacts.

**PROPOSED BY:** Greg Trent
