Tim Enright  
Proposals 144 & 145

This proposal was sent in May of 2018 and was not published because it was sent after the due date of April 10<sup>th</sup>.

I propose that we close the section between Cape Salmon to Cape Meshikof from June 1<sup>st</sup> to August 1<sup>st</sup>. I have lived in Port Heiden my whole life, and have seen the Area M boats fishing up to Cape Meshikof. This will protect the Port Heiden, Cinder River, and Ugashik run. This will solve a lot of problems with arguments between fisheries regarding intercept fish.
