State of Alaska Board of Fisheries

Subject: Yukon- Kuskokwim Fisherman Request BOF Support to Oppose Donlin Gold to protect fisheries that are important to subsistence, commercial, and sport users.

Dear Mr. Chair,

Please take this letter with great emotion. I'm requesting to ask you on behalf of the fisherman of the Yukon-Kuskokwim Rivers to oppose Donlin Gold Mine.

We desperately need your help in supporting this fight to protect our resources. There is no mine in this world that is healthy, safe, or deemed "workable" when fisheries are the greatest asset to the people.

This is a simple letter, because it is straight forward and to the point.

We need your help in supporting the Opposition of Donlin Gold Mine, to protect our fisheries on the Yukon and Kuskokwim Rivers.

Thank you,

Alissa Nadine Rogers
