

## NAKNEK RIVER RAINBOW TROUT PETITION

This petition was written to address the overcrowding situation on the fall rainbow trout fishery between the lower boundary at Rapids Camp to the upper boundary at Trefon's cabin. The Naknek / Kvichak advisory committee has endorsed a list of proposals that may help alleviate the fishing pressure on this section of the river. It's our hope that the Sate Board of Fish will acknowledge our local representation in a positive manner. By signing this petition you are acknowledging that we have a serious overcrowding issue on the Naknek River's fall rainbow fishery that threatens quality of experience and health of the fishery.
