Regarding Proposal #34

Submitted by: Janet Armstrong Schlagel, Curt Armstrong, Tiel Smith, Ben Smith, Reid Ten Kley

Members of the Board,

This amendment addresses the initial intent of proposal 34 to remedy overlapping plats and additionally proposes a long term plan to address existing and ongoing erosion problems affecting the top 6 sites on the east shore at Graveyard Point.

This solution places all sites parallel to each other allowing for space between them that could not be accommodated by the previous configuration. It furthermore allows all sites to move shoreward to accommodate any foreseeable erosion.

In order to accommodate the parallel sites the North boundary line needs an angle point near where it intersects the sites to match the azimuth of the site leases. See attached map.

5 AAC 06.350(b)(1) is amended to read:

(b) The following locations in the Naknek-Kvichak District are closed to the taking of salmon: (1) those waters north and east of a line from a point near Graveyard Point at [58° 52'15.26" N LAT 157° 00'40.39" W LONG] to angle point 58°52'09.37" N LAT 157°01'41.73" W LONG] to a point on the northwest shore of Kvichak Bay at [58°53'22.20"N LAT 157°04'15.60" W LONG].

Thank you,

Janet Armstrong Schlagel, Curt Armstrong, Tiel Smith, Ben Smith, Reid Ten Kley
