

# Prince William Sound / Copper River Regional Planning Team

## Motions/Action Summary

April 7, 2014

---

**Motion, Kallander; Second, Platt** to recommend approval of the Solomon Gulch Hatchery Permit Alteration Request (PAR) to increase the pink salmon green egg capacity from 230 million to 300 million eggs.

**Amendment: Motion, Covell; Second, Kallander** to recommend an increase in permitted capacity at Solomon Gulch Hatchery by 20 million eggs beginning 2016. An additional 20 million green eggs recommended beginning 2018 are conditionally authorized pending completion of required hatchery infrastructure. Further increases are not recommended until more comprehensive research directed at better understanding total wild stock returns, stock identification and run timing are implemented.

**Amendment passed unanimously.**

**Motion as amended passed unanimously.**

---
