

PROPOSAL 161

5 AAC 01.XXX, 5 AAC 75.XXX, 5 AAC 77.XXX. New Section.

Require weekly reporting of salmon harvest by all permit or license holders, as follows:

All holders of a State of Alaska commercial, charter, subsistence, or personal use permit or license shall be required to report the number, species and location of salmon taken in the State of Alaska weekly (unless a shorter time period is required by regulation) by phone, by e-mail, or on an ADF&G provided report form or commercial fish ticket.

What is the issue you would like the board to address and why? The need for timely data necessary to make effective decisions in the management of the salmon resources in the State of Alaska.
