BOARD DELIBERATIONS on Group 3

MISCELLANEOUS BUSINESS

ADJOURN

**AGENDA NOTES:**

- 1) This agenda is TENTATIVE and subject to change during the meeting. A list of staff reports and roadmap will be available at the meeting. Schedule updates will be posted at the meeting. An audio of

the meeting should be available at the Board of Fisheries webpage (<http://www.adfg.alaska.gov/index.cfm?adfg=fisheriesboard.main>) during periods when the board is on the record.

- 2) Testimony is expected to be limited to three (3) minutes for individuals and groups and ten (10) minutes for advisory committee representative and regional advisory council representatives. These times may be changed by the chair in order to manage the volume of the workload. Advisory committee and regional advisory council representatives may present reports either at the beginning or end of public testimony. The representative should notify the board secretary whether he or she prefers the beginning or end of public testimony.
- 3) BOARD COMMITTEES AND PUBLIC PANELS: The board has established a number of board committees to provide additional review of proposals. Board committees are comprised of board members. The board selects public advisors to the committees from a list of qualified and interested members of the public compiled by the committee chairs following the oral testimony portion of the meeting. Advisory committee representatives are ex-officio advisors to all board committees and may move between board committees as they choose. The purpose of the committee process is to: 1) broaden public participation in the regulatory process; 2) provide another forum for stakeholders to discuss resolution of contentious issues; and 3) provide additional detailed information relative to proposals. **Committee of the Whole will serve as the committee structure for this entire meeting.**
