

**PROPOSAL 143**

**5 AAC 47.XXX. New section.**

Require inseason reporting of nonresident sport fish harvest, as follows:

All non-resident sport fishermen in the Southeast and Yakutat Areas (fresh and saltwater) shall complete and submit a logbook of all fish and shellfish harvested. Harvest shall be documented in the logbook before leaving each fishing site. Logbooks shall be returned to the Alaska Department of Fish and Game by December 31 (or whatever date is appropriate) each year.

It is recommended that this regulation be evaluated after 6 years of harvest data has been gathered and analyzed to determine if the perceived increase in competition or use exists. If there are no documented problems then the regulation should be removed.

**What is the issue you would like the board to address and why?** The Southeast Alaska Subsistence Regional Advisory Council (Council) believes that the harvest of fish by non-resident sport anglers has increased in the Southeast and Yakutat Areas, while subsistence users have been subject to increasing regulation and restrictions and are experiencing a more difficult time competing for and harvesting fish and shellfish.

The only method to account for non-resident sport harvest is by a statewide mail survey. Other than major sport fisheries, response rates are too low to accurately assess if non-resident harvest is contributing to localized depletion of resources or if the competition with subsistence users is increasing.

The Council also believes that unguided non-resident sport fishermen are taking multiple daily harvest limits. The Council believes harvest limits for unguided non-residents are not enforced and are unaccounted, since non-resident unguided fishermen do not have to record their harvest, except for species with an annual limit, before leaving the fishing site; unlike subsistence fishermen.

Presently, recording species with an annual limit is only an enforcement tool. It does not contribute to harvest accounting since there is no requirement to submit the harvest record to ADF&G.

**PROPOSED BY:** Southeast Subsistence Regional Advisory Council (HQ-F20-111)
