

RC for proposal 7  
Shawn Gilman

Existing proposal language **No guide or transport service shall provide a fee of a permit holder participating in fishery and no permit holder may give a fee to participate in the fishery.**

Replace with: **No guide service shall charge a fee of a permit holder participating in a subsistence fishery.**

We believe this simplified language addresses the issue more directly.

(7) "customary and traditional" means the **noncommercial**, long-term, and consistent taking of, use of, and reliance upon fish or game in a specific area and the use patterns of that fish or game that have been established over a reasonable period of time taking into consideration the availability of the fish or game (32nd Legislature (2021-2022))

**Alaska Statutes 2020**
