RE: **Proposals 268 and 269 [Kodiak Tanner Crab Harvest Specifications]**

Dear Chairman VanDort and Board members:

We request that the board take no action on proposal 269 and hereby support proposal 268.

The intent of proposal 269 was to provide additional harvest opportunities during the Kodiak Tanner Crab season. The Department's proposed harvest strategy changes encompassed in proposal 268 subsume much of what was envisioned by our proposal 269 language. Consequently, Old Harbor Fishermen support the Department's harvest strategy changes in proposal 268.

If you have any additional questions regarding Old Harbor's request that you take no action on proposal 269 and our support the Department's harvest strategy changes in proposal 268, please do hesitate to contact me.

Very truly yours,

Duncan Fields, Director
