PROPOSAL 240; SUPPORT with amendments

Modify PWS shrimp pot harvest strategy from a static split, between noncommercial and commercial, to a tiered percentage depending on the total allowable harvest level .

This proposal would be **SUPPORTED if amended** to reflect an equitable sharing of the burden of conservation and appropriately allocates GHL as follows:

TAH < 110K = 35% commercial GHL

TAH >= 110K = 40% commercial GHL

TAH >= 140K = 45% commercial GHL

TAH >= 170K = 50% commercial GHL

TAH >= 200K = 55% commercial GHL
