

# Frostad Fish Site

1 mile from Mean High Tide.  
5,280 feet  
Outer most edge of the ESSN fishery  
North of the Kenai River

600 feet from  
Mean High Tide

Mean Low Tide.  
Approx. 725 from  
Mean High Tide

Each of the 4 purple lines are 600' long and represent fishable water when water is present. Regulation states a set gillnet cannot exceed 210'. That means at high tide 390' of each line is not fishing.
