Substitute language for proposals 20 and 29:

5 AAC 67.022 is amended by adding a new subsection to read:

(l) For the purposes of this chapter, “barbless” means the hook is manufactured without a barb or the barb has been completely removed or compressed so the barb is in complete contact with the shaft of the hook.

ⁱ Preparation of draft substitute language at the request of a Board member does not imply ADF&G support. The Department will state its position on the language during deliberation.
