

Area M Seiners Association & CAMF

RC Submitted by the Area M Seiners Association & Concerned Area M Fishermen

February 26, 2023

The Area M Seiners Association & CAMF is in support of RC 104 with substitute language from Board Member, John Jensen, as RC 190.

The Area M Seiners Association & CAMF supports the terms of limited time with triggers to effectively implement a management plan that will accomplish the following objectives: limited chum harvest in the June fishery with clear management tools for ADF&G.

The Area M Seiners Association & CAMF supports the terms put forward by John Jensen as an alternative that can achieve positive outcomes for Area M and the AYK.

Kiley Thompson, Area M Seiners

Steve Brown, CAMF
