

Submitted by CAMF

Proposal 128 wants to limit net depth for the Northern District fisherman. This will be a costly change for all fishermen.

This is the total cost for new net, including labor, excluding shipping cost in Homer, AK:

Total:	\$7892.50
Corks:	\$1220.60
Cork Line:	\$1111.80
Lead Line:	\$2003.80
Twine:	\$168.40
Web:	\$1844.70
Labor:	\$1,400.00
Net Bag:	\$1,400.00
Tax:	\$39.25

All fishermen use multiple nets during the North Peninsula season:

137 permits x 3 nets each = 411 nets

\$7892.50 x 411 nets = \$3,243,817.50

Hanging 411 new nets before the start of the 2023 season would not be possible.

Cutting current nets is also not a viable solution. The labor required to trim an entire 200 fathom net and re hang the lead line is more time consuming than hanging a new net.

Alaska Net Supply quoted 411 nets worth of web would be available by 11/15/2023.
