Agenda Change Requests for Alaska Board of Fisheries 2026/2027 Meeting Cycle due by August 28, 2026

Agenda Change Requests to be reviewed at October 2026 Work Session

The Alaska Board of Fisheries (board) announces the approaching deadline for submissions of 2026/2027 meeting cycle agenda change requests (ACRs). ACRs are submitted by the public, advisory committees, and agencies for proposals on regulatory areas and species not set for deliberation in the current meeting cycle.

At its October 28-29, 2026 Work Session in Anchorage at the Egan Convention Center, 555 West 5th Avenue, the board will review ACRs for possible scheduling in the 2026/2027 meeting cycle. In order for the board to approve and schedule an ACR for later in the meeting cycle, the ACR must meet one of the following criteria as established in 5 AAC 39.999.

- For a fishery conservation purpose or reason.
- To correct an error in a regulation.
- To correct an effect on a fishery that was unforeseen when a regulation was adopted.
- In addition to the above criteria, the board will not accept an agenda change request that is predominantly allocative in nature in the absence of new information found by the board to be compelling.

The deadline for ACRs is no later than August 28, 2026. Please note that ACRs received regarding "in- cycle" subjects for will not be accepted as they are effectively proposals that missed the April 2026 deadline. The following topics are "in-cycle:"

[Lower Cook Inlet Finfish](#)
[Upper Cook Inlet Finfish](#)
[Kodiak Finfish](#)

ACRs may be submitted online, by mail, or by fax at:
