**ALASKA BOARD OF FISHERIES**

CRITERIA FOR DEVELOPMENT OF BOARD-GENERATED PROPOSAL

It has been suggested that criteria need to be established to guide Alaska Board of Fisheries (board) members when deliberating on whether or not to develop a board-generated proposal. The board will consider the following criteria when deliberating the proposed development and scheduling of a board-generated proposal:

1. Is it in the public's best interest (e.g., access to resource, allocation concerns, consistent intent, public process)?
2. Is there urgency in considering the issue (e.g., potential for escapement objectives not being met or sustainability in question)?
3. Are current processes insufficient to bring the subject to the board's attention (e.g., reconsideration policy, normal cycle proposal submittal, ACRs, petitions)?
4. Will there be reasonable and adequate opportunity for public comment (e.g., how far do affected users have to travel to participate, amount of time for affected users to respond)?
