

March 5 2015

Dear Chairman Spraker,

On behalf of the Big Game Commercial Services Board, please accept this letter as our general support of the concept of Board of Game Proposal 207, for consideration at your upcoming March 2015 Board of Game meeting. While consensus could not be found regarding the three specific options outlined in proposal 207, consensus was reached that we, the Big Game Commercial Services Board, do support addressing the use of aircraft while hunting, specifically sheep hunting, as generally outlined in proposal 207.

Thank you for your continued time and consideration.

Sincerely,

Kelly Vrem

Chairman, Big Game Commercial Services Board
