Dear Reviewer,

August 2017

The Alaska Board of Game (board) will consider the enclosed regulatory proposals at the board meetings scheduled for **November 2017 and February 2018**. The proposals primarily concern changes to hunting and trapping regulations pertaining to the Central/Southwest Region, and changes to specific regulations having statewide applicability. Proposals have been submitted by members of the public, organizations, advisory committees, and the Alaska Department of Fish and Game (ADF&G) and other agencies. With the exception of minor edits and clarifications, the proposals are published essentially as they were received, with the insertion of the appropriate Alaska Administrative Code citation and a brief description of the action requested by Boards Support staff.

The proposals are presented as brief statements summarizing the intended regulatory changes. In cases where confusion might arise or where the regulation is complex, proposed changes are indicated in legal format. In this format, bolded and underlined words are **additions** to the regulation text, and capitalized words in square brackets are [DELETIONS].

Readers are encouraged to view all proposals in this book as some proposals may affect other regions and units. Proposals are grouped by each meeting to which they pertain (see Proposal Index). The proposals are listed in the tentative order in which they are expected to be considered during the meeting. The final order of proposals to be deliberated on, also known as the “roadmap,” will be available at least two weeks prior to the meetings.

**Public Comment Requested:** Before taking action on these proposed changes to the regulations, the board would like to consider your written comments and/or oral testimony on any effects the proposed changes would have on your activities and interests.

The board relies heavily on written comments and oral testimony explaining the effect of the proposed changes. Public comment, in combination with advisory committee comments and ADF&G staff reports provide the board with useful biological and socioeconomic data to form decisions. Written comments can be submitted:

Online: [www.boardofgame.adfg.alaska.gov](http://www.boardofgame.adfg.alaska.gov)  
Email: [dfg.bog.comments@alaska.gov](mailto:dfg.bog.comments@alaska.gov) (PDF format only)  
Fax: 907-465-6094  
Mail: ADF&G Boards Support Section  
ATTN: Board of Game Comments  
P.O. Box 115526  
Juneau, AK 99811-5526

**Timely Submission:** Written comments are strongly encouraged to be submitted by the set deadline for each meeting, usually two weeks in advance. Comments received by the deadlines are provided to the board and the public on the meeting information website in advance of the meeting. After the deadline but before the meeting, written comments are accepted via fax and mail only and will be provided to board members at the meeting. Comments will be accepted in person at the board meetings but with the limit of no more than ten pages in length, and 20 copies must be provided. All meeting materials, including written comments, are uploaded to the meeting information website and distributed to board members, agency staff, and the public during the meeting.

**Tips for Providing Written Comments:**

- Clearly state the proposal number and your position by indicating “support” or “oppose”. If the comments support a modification in the proposal, please indicate “support as amended” and provide your preferred amendment in writing.
- Include your name and if including graphs or charts, please indicate the source.
- Briefly explain why you support or oppose the proposal. The board benefits greatly from understanding the pros and cons of each issue. Board actions are based on a complete review of the facts involved, not the sum of total comments for or against a proposal.
- Page limits: For on-time comments, the board will accept up to 100 single-sided pages from any one individual or organization. For comments received after the announced deadline or at meetings, comments are limited to ten single-sided pages.
- If making comments on more than one proposal, please do not use separate pieces of paper. Simply begin the next set of written comments by listing the next proposal number.
- Write clearly, use dark ink and write legibly. Comments will be scanned and photocopied so please use 8 1/2" x 11" paper and leave reasonable margins.

**Advisory Committees:** In addition to the above information, please make sure advisory committee (AC) meeting minutes reflect why the AC voted as it did. If the vote was split, include the minority opinion. A brief description consisting of a couple of sentences is sufficient. Detail the number of members in attendance and indicate represented interests such as subsistence, guides, trappers, hunters, wildlife viewers, and others. AC members are encouraged to use the format prescribed by the board, and provided by ADF&G Boards Support Regional Coordinators. For more information on providing recommendations on proposals and testimony during board meetings, refer to the AC manual available online and from Boards Support Section.

**Public Testimony:** The board welcomes public testimony at each regular scheduled regulatory meeting. The oral hearings are scheduled at the beginning of each meeting following agency reports, and continue until everyone who has signed up by the announced deadline and is present when called, has been given the opportunity to be heard. Advisory committee representatives may elect to provide testimony at a later portion of the meetings. The length of testimony is typically limited to five minutes per person and organization representatives, and 15 minutes for ACs and regional advisory councils. Anyone interested in, or affected by the subject matter contained in these proposals should make written or oral comments if they wish to have their viewed considered by the board.

Meeting information, documents, and a link to the audio is available through the Board of Game website at [www.boardofgame.adfg.alaska.gov](http://www.boardofgame.adfg.alaska.gov), or through the ADF&G Boards Support Section. Preliminary board actions will also be posted on the website during the meeting, followed by final actions after the meeting.

Persons with a disability needing special accommodations in order to comment on the proposed regulations should contact the Boards Support Section at (907) 465-4110 at least two weeks prior to the scheduled meeting to make any necessary arrangements.

Thank you for your interest and involvement with the Alaska Board of Game and the regulatory process.

Sincerely,

A handwritten signature in black ink that reads "Kristy Tibbles". The signature is written in a cursive style and is positioned above the typed name.

## Guidelines for Testifying at Board of Game Meetings

The Board of Game (board) relies heavily on written comments and oral testimony explaining the effect of the proposed changes. During regulatory meetings, public testimony usually begins on the first day of the meeting following agency reports. Persons planning to testify at Board of Game meetings must submit a **PUBLIC TESTIMONY SIGN-UP CARD** (blue card) to the board's staff prior to the announced cut-off time. If submitting written comments at the meeting intended for the testimony, at least **20 copies** must be provided. You are encouraged to **submit any written material with the blue testimony card** to ensure distribution to the board prior to the testimony. **Please include your name and date** on the first page of the written material, clearly identify proposal numbers and topics being commented on, and identify the source of graphs or tables, if included in materials. PowerPoint presentations are allowed at meetings, but 20 copies of the presentation will need to be submitted and board's staff needs to be notified in advance to arrange the equipment. Written material submitted during the board meetings will be logged with a record copy ("RC") number which should be referenced at the time of testimony.

Once the oral hearing portion of the meeting begins, board's staff will prepare and post a list of testifiers. The chair will call testifiers in the order provided on the list. When it is your turn to testify, please go to the microphone; state your name for the record and whom you represent. At the testimony table, a green light will come on when you begin speaking; a yellow light will come on when you have one minute remaining; and a red light or buzzer will indicate your time is up. When you are finished speaking, please stay seated and wait for any questions board members may have regarding your comments. Please be aware that when you testify you may not ask questions of board members or of agency staff. This is your chance to make comments on proposals before the board. If board members and/or department staff need clarification, they will ask you questions. **Testifiers using derogatory or threatening language to the board will not be allowed to continue speaking.**

The board allows testimony for one organization in addition to personal testimony or AC testimony, and each testimony is allotted its own time. **If you are giving testimony for yourself and an organization or an AC**, you need to turn in only one sign-up card naming the group you wish to speak for. When giving testimony for yourself and an organization or AC, state on the record who you are speaking for. For example: give comments for the organization you are representing, then, after stating clearly that you are now testifying for yourself, give your individual comments.

The length of testimony will be announced on the agenda just prior to meeting and by the board chair at the beginning of the meeting. The board typically allows five minutes for oral testimony for an individual or an organization, and 15 minutes for ACs and regional advisory councils. Time limits on testimony do not include questions the board members may have for you.

Advisory committee representatives should restrict testimony to relaying the AC's discussions. Testimony should be a brief summary of the minutes of the meeting, and copies of the minutes should be available for the board members. An AC representative's personal opinions should not be addressed during AC testimony.

## About the Board of Game & Advisory Committees

### Alaska Board of Game

The Board of Game (board) is Alaska's regulatory entity authorized to adopt regulations to conserve and develop the state's wildlife resources and to allocate uses of those resources. This includes establishing open and closed seasons, areas for taking game, setting bag limits, and regulating methods and means. The board consists of seven members, serving three-year terms. Each member is appointed by the governor and confirmed by the Alaska State Legislature.

The board considers regulatory topics on a three-year cycle, holding two to three meetings each year to address proposed regulations on a regional basis. Each year, the board solicits proposals for new regulations and changes to existing regulations. Any individual or organization may submit proposals and offer oral and/or written testimony for the board's consideration. More information about the Board of Game members, process and meeting information is online at: [www.boardofgame.adfg.alaska.gov](http://www.boardofgame.adfg.alaska.gov).

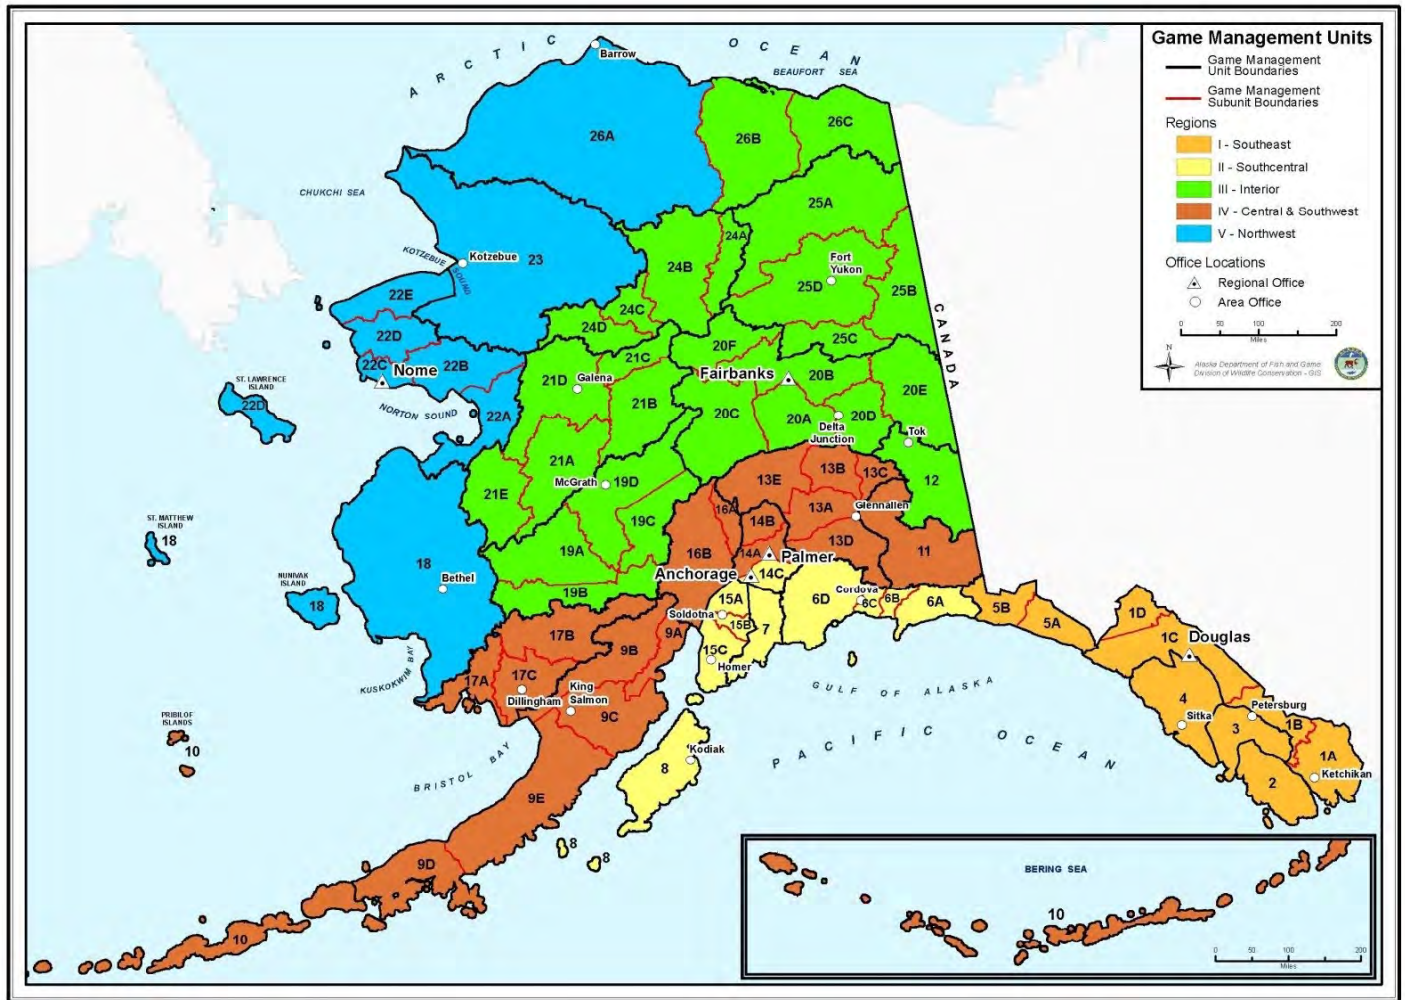

### Advisory Committees

The local fish and game advisory committees (ACs) play a key role in the regulatory process for both fisheries and wildlife management. While the boards make the final decisions on proposed regulations, they rely heavily on ACs to offer their local knowledge on fish and wildlife issues of interest by submitting proposals and comments on proposals.

There are 84 ACs in the state; nearly all actively participate in the state regulatory process as well as the federal subsistence process. ACs have up to 15 members and many have community seats designated under regulation. AC members serve three-year terms and are elected by local community members. ACs begin meeting as early as September and throughout the board meeting cycle to review proposals and submit recommendations to the boards. Meetings are open to the public and meeting information is online at: [www.advisory.adfg.alaska.gov](http://www.advisory.adfg.alaska.gov), or from Boards Support Regional Coordinators.

Boards Support Regional Coordinators facilitate AC participation in the regulatory process by coordinating AC meetings and ensuring the ACs have the necessary information to be effective before the boards. Contact information for the Regional Coordinators can be found on the Boards Support staff listing on page xii.

## Long-Term Meeting Cycle

The Board of Game (board) meetings generally occur from January through March. The board considers changes to regulations on a region-based schedule that cycle every three years. When the regional regulations are before the board, the following regulations are open for consideration within that region:

- Trapping Seasons and Bag Limits -- All species
- General and Subsistence Hunting Seasons and Bag Limits -- All species  
(Except antlerless moose hunts as noted below)
- Intensive Management Plans
- Closures and Restrictions in State Game Refuges
- Management Areas, Controlled Use Areas, and Areas Closed to Hunting and Trapping
- Changes specific to Units or Regions under 5 AAC Chapter 92

Proposals pertaining to reauthorization of all antlerless moose hunts, 5 AAC 85.045, and all brown bear tag fee exemptions, 5 AAC 92.015, are taken up annually. Changes having statewide applicability to 5 AAC Chapters 92 and 98.005 listed on the following page are considered once every three years at Statewide Regulations meetings.

The proposal deadline is May 1 every preceding year. If May 1 falls on a weekend, the deadline is the Friday before. Boards Support issues a “Call for Proposals” generally in December or January prior to the May 1 deadline which will also specify which regulations are open for proposed changes.
